Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Sir:

Please review and enter the following remarks summarizing the interview conducted on  
March 14, 2011:

**REMARKS**

An Examiner's Interview Summary Record (PTO-413) was attached with the Non-Final  
Office Action dated March 29, 2011.

During the interview, the following was discussed:

1. Brief description of exhibits or demonstration: No.
2. Identification of claims discussed: All generally.
3. Substance of Interview: The Examiner called the undersigned and stated that he needed to update the search in order to determine if there was any other prior art available. If no prior art was found, then the Examiner indicated that the following amendment would have to be made in order to place the application in condition for allowance: in claim 5 at line 8 delete "a"

between “to produce” and “pressure sensitive adhesive” and insert “the”. Additionally, in the abstract at line 4, replace “protect” with “protective”, and at line 15, delete “The pressure sensitive adhesive sheet for protecting a surface of the present invention can give ... for protecting a surface.” The undersigned authorized the Examiner to make the aforementioned amendment. However, on March 15, 2011, the Examiner left a voicemail for the undersigned stating that upon further search update, new prior art was found, and that the Examiner would reopen prosecution.

It is respectfully submitted that the instant STATEMENT OF SUBSTANCE OF INTERVIEW complies with the requirements of 37 C.F.R. §§1.2 and 1.133 and MPEP §713.04.
